

# Glitter and Powder Control Trays

The trays collect all loose media such as embossing powder, glitter, colored sand, seed beads and more in the tray then you can easily pour the materials back into a container through the funnel end.

10 Tidy Tray

11 Large Tidy Tray

They are made of durable high impact polystyrene. Use multiple trays for holding The 6" X 8" #1610 Tidy Tray is our most popular tray often being used to trap expensive embossing powder used by card makers and rubber stampers.

All of the Tidy Trays come with stoppers to plug the funnel for convenience. The 1510 Funnel Tray does not have a stopper and the funnel is left open. The 10" X 14" Large Tidy Tray #1611 is great for protecting your craft table or desk work

surface. This tray is the teachers first choice-available in classroom sets of 24 at a reduced discount.

Helpful Hints for use:

- Buy the Combo Tidy Tray Set #1612 and work from one tray into the other effectively eliminating most waste.

- Use a small art brush to help funnel the materials back into a container.

- If you are having a very dry day – eliminate static cling in the tray by wiping with a "Cling Free" dryer sheet. .

- Top Rack Dishwasher Safe

1612 Tidy Tray Combo Set

The #1510 Funnel Tray is a light duty tray and can used in tandem with several other trays. Open funnel front allows easy brushing and cleaning. This is great for larger beads and gems. It has a handy hang tab for use in your craft or hobby area.

Use Tidy Trays in tandem with our Shuttle Cups and any of their storage systems to organize and keep your craft mess at bay!
